Doniyor Murodkulov

Senior Flutter Developer | Mobile Tech Lead

Senior Flutter developer with 5+ years building production mobile and web apps across delivery, fintech, streaming, marketplace and crypto. Former Mobile Tech Lead at Express24 — lifted crash-free user rate from 68% to 98%, introduced Feature-First DDD, and shipped real-time WebSocket order flows used by thousands of merchants.

Experience

Aug 2025 — Present

EMCD (emcd.io) · Tashkent, Uzbekistan

Flutter Developer

Shipping features for a crypto / Web3 mobile app with 35K+ installs, as part of a large Flutter team inside a 400-person organisation. Working on Web3-integrated flows that let users earn yield on their crypto holdings.

Mar 2025 — Aug 2025

Neotech / 7Tech · Tashkent, Uzbekistan

Software Engineer (Flutter)

Built a marketplace application delivered on iOS, Android and Web from a single Flutter codebase, working with a cross-functional product team to align releases across all three platforms.

Jan 2025 — Apr 2025

Million TV · Remote

Flutter Developer

Owned releases end-to-end for an Uzbek movies and series streaming app. Built a feature-rich video player with language and quality selectors, episode navigation and resumable playback.

Oct 2024 — Dec 2024

Cuppy · Remote

Flutter Developer

Coffee-shop platform with two surfaces — shop-owner console and customer ordering app — featuring rich custom UI built with CustomPainter. Implemented scoped DI with Provider and a BLoC-based state layer.

Sep 2023 — Oct 2024

Express24 · Tashkent, Uzbekistan

Tech Lead — Flutter

Led mobile development for the Merchant app — a B2B Flutter application used by 3K+ shops, cafés and restaurants. Raised crash-free user rate from 68% to 98%, migrated to Feature-First DDD, replaced order polling with a real-time WebSocket pipeline, and established CI on CircleCI. Ran sprint retros and aligned architectural decisions with native iOS and Android teams.

Doniyor Murodkulov

Experience (continued)

Experience (cont.)

Jan 2023 — Aug 2023

Express24 · Tashkent, Uzbekistan

Middle Flutter Developer

Delivered features across the Merchant app while surfacing weak architectural decisions, broken patterns and low-testability hotspots — the work that led to promotion to Tech Lead. Authored the proposals that later became the foundation for the DDD migration.

Nov 2021 — Jan 2023

Ptolemy LLC · Walnut, CA (remote)

Middle Flutter Developer

Shipped Tegen — a loyalty-program app for a meat-products retail chain — letting customers claim bonuses via in-app QR codes. Also delivered utility calculators and a mindfulness app for additional clients.

May 2021 — Oct 2021

Udevs · Tashkent, Uzbekistan

Flutter Developer (promoted from Intern)

Built an HR application for a national bakery chain operating 100+ stores across Uzbekistan — UI implementation and REST API integrations.

Sep 2020 — May 2021

Kwork.ru · Remote

Freelance Flutter Developer

Designed and shipped a CRM for a car-repair shop on Flutter (mobile + web) powered end-to-end by Firebase Firestore and Storage. Also built a Flutter audio-player app for Tajik popular music with a custom playback UI.
